Americans In Thick Of Battle

ARTILLERY UNITS OF UNITED STATES TAKING PART IN GREAT CONFLICT

PARIS, April 8 (By Mail—California is contributing the first American batteries of field artillery to go into action in the big fight.

The artillery regiments now on the march to Picardy also include a number of boys from Iowa and Washington, but the greater part of the personnel is composed of sons from the Golden State, the majority of whom were the first to respond to the call for volunteers, and entered the army in March, 1917. Among them are widely known men from San Francisco and Los Angeles.

They are some of the best artillery units in the army. Assembled during April, they were sent to camp at Roswell, N. M., while they received their preliminary training. The following month they were transfered to the big camp at Albuquerque, where they received a rigid training in the handling of French 75s, that have proved so deadly in breaking up German attacks and which proved so deadly to the Germans at Verdun.

By the end of September the boys had taken their places as artillerymen of the first degree, and one of their batteries in a marksmanship contest won the first prize, beating the oldest gunners in the game.

Then they were sent to a camp in North Carolina, where, after eight days of trajectory work and five weeks of supplementary training, they were transferred to a Long Island camp for the finishing touches in a ten weeks' course.

After that, they embarked for France. They have already made a name for themselves on their own front and may be depended upon to duplicate their success on the Picardy front.

BUYING PAPER MANUFACTURING MATERIAL FOR THE JAPANESE

Richmond had a distinguished visitor today in the person of Mr. N. Futami, of Kobe, Japan. He came to town in company with J. M. Shea and John Nicholl. Mr. Shea is associated with the distinguished Japanese visitor in the Orient in the manufacture of paper and they are going to start East in a few days to buy machinery for another hundred-ton mill which is to be erected as soon as they can have it shipped to Japan.

On their way to the Atlantic Coast Messrs Shea and Futami will stop off in Los Angeles to see the home of the moving picture.

They expect to be absent in the East for a period of two months. They may be compelled to have some of their machinery manufactured, for they have some ideas of their own which they want to incorporate into their new paper mill. The machinery they will purchase in this country will cost in the neighborhood of $400,000.

MACCABEES GO TO OAKLAND INITIATION

A large crowd attended the W. B. A. of the Maccabees' Rally in Oakland last night, it being the event of a great class initiation. All Reviews in the Bay District were represented and thirty-one candidates were initiated.

Richmond Review No. 50 won the first cash prize, for this organization took along with them ten candidates for the order.

Drill team work was exemplified by two different Reviews and all who attended the great event reported they had a delightful time.

LIBERTY BOYS FACE HUNS IN SANGUINARY CONFLICT AT PICARDY LINE

LONDON, April 25.—The German grand offensive is again on.

Renewing their attacks on the Picardy battle front, the Teutons lunged forward on a thirteen mile front east of Amiens after a violent bombardment, concentrating their heaviest pressure at the point where the British and French armies join.

The heaviest fighting centered at the village of Villers-Bretenneux, between nine and ten miles east of the British base at Amiens, and after a hard struggle the Germans were able to occupy it. A fierce struggle was still in progress there at last reports from the front.

The Germans used their old time tactics of assaulting in dense formation and the advancing ranks were mowed down by the British artillery fire.

AMERICANS IN BATTLE.

American troops are now on the Picardy battle line and are engaged in the present action, the French war office officially announced.

The Americans are evidently holding positions between the Somme and Avre rivers southeast of Amiens, as the official communique issued in Paris last night said that Franco-American positions south of the Somme and on the Avre River were attacked by the Germans in force following a severe bombardment. This is a vital part of the front and it was a high compliment to the traditions of the American army that they were put on the front at such a crucial position.

There has been a bloody struggle in the sector of Hangar-en-Santerre, southwest of Villers-Bretenneux. The Germans succeeded, at the cost of the greatest sacrifice, in gaining a foothold in the wood north of Hangard as well as in the village. The French troops made a gallant resistance and every man fought like a hero, despite the superiority of the German numbers.

The Germans tried to break through on the ridge in the sector of Hailles, but encountered such a strong resistance that their ranks were thrown back time after time and finally the attempts had to be given up.

REPULSED AT SENECAT.

The Germans tried to capture Senecat wood and the high ground in the same neighborhood, but had no success.

The German war office report of Wednesday night made no claims, stating that "the situation is unchanged." In a preceding report gains were claimed on the Flanders front, especially northeast of Bailleul, the main position on the northern flank of the Lys salient.

At the same time the Germans launched assaults in the district north of Albert, using fresh troops. All were repulsed, and when the German forces were thrown back a number of prisoners were left in British hands.

The operations of the last thirty hours indicate that the Germans are striving for the following results:

1—Press forward against Amiens and Hazebrouck, two important British base and railhead positions.

2—Put a wedge, if possible, between the British and French armies.

3—Pocket Arras and cut important lines of communication supplying the British armies along the Belgian frontiers.

4—Compel the British to retire from high ground immediately north of Arras, and,

5—Strengthen the line between the twin salients that were created by the double German drive on the Picardy and Flanders fronts.

During the lull on both battle fields the Germans have evidently been busy reorganizing their forces, bringing up fresh troops and moving big guns farther to the front.

There has been a tremendous bombadment of villages and highways back of the British and French fronts and the attacks, which began on Wednesday morning, were opened by terrific barrages.

Officials Who Sidestep Are Termed Worse Than Traitors

"The league is at the service of you city authorities. The saloon is a curse to any community, and while this government is at war, everything ought to be done to keep our young men in a clean physical and moral condition. I want to tell your city authorities now, that we expect them to take action, that there is to be no sidestepping of this question, no camouflage, and that any official who refuses to do his duty in these stirring times is worse than a traitor and should be branded as such"—Statement of Survey Secretary of the Law Enforcement League.

PUBLIC INTEREST TODAY IS CENTERING IN LIBERTY DAY CELEBRATION FRIDAY

Interest today is centering on the big parade of the school children which is to take place in this city tomorrow evening in honor of Liberty Bond day, which is a national event, intended to stimulate the work of the committees engaged in securing subscriptions for the Third Liberty Loan.

While the conditions here at home are all that could be expected and are well on our way to subscribe our full quota and more, still there is a long road yet to travel before we will reach the full amount of our ambition, which is a round half a million of dollars.

So the children are going to turn out tomorrow evening for the purpose of showing their loyalty to the nation and help by their numbers and enthusiasm the general work of the campaign. All of the schools of the city and many of the surrounding towns will be on hand to take part in the event and from the elaborate arrangements made by Prof. W. T. Helms, superintendent of the city schools and Charles F. Donnelly, who will be the grand marshal of the occasion, it will be an affair of great importance to the loan and the city in general.

As to the matter of flags, of course all the children will carry the national emblem. Some of them will be provided from home from the supply held over from the other parade some weeks ago at the opening of the Third Liberty Loan drive, when everybody in town, almost marched with waving flags. However, those who have not supplied themselves can be accommodated at the Big Store, at Seventh street and Macdonald avenue. This concern has an enormous stock on hand and can furnish them to all comers.

Grand Marshal Charles F. Donnelly has supplied the Record-Herald with the following formation for the parade and other information pertaining to the big demonstration:

The children who march in the parade, and this means all the children in every Richmond school, will meet promptly at 7:00, for the parade will begin to march at 7:15 sharp.

The Municipal Band, Board of Education, High School and Lincoln School will form on the West Side of First street, South of Macdonald.

The Moose Drum Corps, Washington School, Grant School, Peres School and Stege School will form on the East side of First street, South of Macdonald avenue.

On the West side of Second street, South of Macdonald avenue, will form a band, Fairmont School, Nystrom School, Pullman School and the Winehaven School.

The Mayor's reviewing stand will be situated at the intersection of Macdonald avenue and Seventh street, South of Macdonald avenue.

The parade will start from the place of formation, thence to Fourteenth street, counter marching to vacant ground between Ninth and Tenth street and at Nevin avenue, where the speaking will take place and there will be a band concert, singing by the children, with flag drills and other forms of entertainment.

WIBURG INQUEST WILL BE HELD THIS EVENING

Judge John Roth, who in the absence of Coroner Abbott is acting in his stead, will conduct an inquest this evening over the death of Olaf Peter Wiberg, the 70-year old cabinet maker who died at the Milwaukee hotel in Old Town on Monday evening.

The aged man probably died of heart trouble, but at the time of his demise no doctor was in attendance, so it will be necessary to hold the inquest to officially ascertain the cause of death.

ORGANIZE SEWING CLUB

The ladies of the Grand Army of the Republic met at the home of Mrs. H. Galvin this afternoon for the purpose of organizing a sewing class to work for the boys fighting in the trenches in France.

The plan is to make up articles to sell here and with the proceeds they will buy yarn for sweaters and other knit garments to make the Liberty Boys comfortable while they are doing duty in the wet and cold of the front line trenches.

LAW ENFORCEMENT LEAGUE BRANDS DEBAUCHERS OF YOUTH WORSE THAN TRAITORS

The mass meeting held last evening at Lincoln auditorium by Senator Edwin E. Grant, of the State Law Enforcement League, to tell the citizens of Richmond of the vice conditions that exist in Richmond, and of the trail that leads from the saloons through the jitneys to the bawdy houses was attended by a large crowd. The speaker said that the League was at the command of the citizens of the town in order to make the city morally clean. He urged that the saloons be abolished as that was the way to eliminate the most of the vice.

Resolutions were adopted asking Secretary of the Navy Daniels to establish a fifteen mile zone around Yerba Buena island, which would take in Richmond and make it dry, and it would give the boys of the training station the same protection that is being given the men of Mare Island by the establishment of the zone around that federal plant.

A telegram expressing the sentiments of the mass meeting was drawn up and forwarded to Washington last night.

Grant stated that the most vicious resort in this section was the Grand Central saloon at Stege Junction, which is being conducted not only to debauch boys but also girls. He told of his visit to the place, of the meeting with fallen women, of their soliciting him for business, of their visit to the rooms up-stairs and many other incidents. He said the evidence they had secured was absolutely complete.

Grant also told of a visit to the disorderly house at 118 Contra Costa avenue near the Standard oil works and within a stone's throw of the police office. Here, too, he had secured very convincing evidence.

All of this evidence, he said, was at the disposal of the authorities and they proposed to continue the fight until the western section of the county was entirely cleaned up.

They had come into this county to make investigations at the request of some of the best citizens of the community, and it did not take them longer either to ascertain what was going on.

A. H. Ghrgott, the Survey Secretary of the league told in a general way of the work of the league, that all the money it received came from voluntary subscriptions, and while at one time the league was scoffed at, now it was being respected, and the people realized it was accomplishing a greater work.

One of the most pointed remarks that Ehrgott made was as follows "The league is at the service of your city authorities. The saloon is a curse to any community, and while this government is at war, everything ought to be done that will keep our young men in a clean physical and moral condition. I want to tell your city authorities now, that we expect them to take action, that there is to be no sidestepping of this question, no camouflage, and that any official who refuses to do his duty in these stirring times, is worse than a traitor and should be branded as such."

Most of the city officials were present at the meeting last night scattered throughout the audience, Mayor Lane, by whose vote the saloons are now being kept open from Saturday nights to Monday mornings, despite the protests of the reform forces, was also present.

JOHNSTON SAYS HE WILL HELP CLEAN UP THE COUNTY FROM ALLEGED VICE CONDITIONS

Thos. D. Johnston, District Attorney of Contra Costa county, when interviewed by a Record-Herald reporter with reference to alleged vice conditions in Contra Costa county states:

"Myself and other officials of this county have not only at the present time, but have in the past made continuous efforts to rid the county of houses of ill-fame. Up to the time of the discovery of the two houses in the western end of the county by ex-Senator Grant, we had no information to the effect, that there were any in existence. Since I have been in office I have closed up over twenty houses of ill-fame, many of them being closed by the use of the Abatement Law, others by the Penal Statute. Senator Grant forwarded me the affidavits with reference to the places in the Town of El Cerrito, and the City of Richmond, and I immediately prepared abatement proceedings and secured temporary writs of injunctions, but owing to the fact, that Mr. Grant, or his assistants gave the affidavits to the newspapers of San Francisco and Contra Costa County, at the time or

DO YOUR DUTY--

It is just as much your duty to help win the war as it is for the boys who have gone to the front. Indeed no matter what you may do, you cannot make the sacrifice they offer to make, for they offer their lives, if need be, that you and I may enjoy the freedom of democracy. The most those of us at home can do is to provide them with the sinews of war and speed the time when they may return victorious. To do this WE MUST BUY LIBERTY BONDS. If you have not already bought don't let another Sun sink in the west until you can say: "I have done my best." Buy, Buy, buy all you can stand and then you still owe a debt to those who have gone "Over There." If there is anything about the bonds that you do not understand, come to this bank and we will explain it to you.

UNPATRIOTIC ADVERTISING

Has the war dealt a death blow to honest advertising? Honesty is advertising? No. Honesty in advertising has come to stay. At least, it's coming to stay.

But the war does seem to have gone to the average advertiser's head and to have led him into an exaggerated abuse of the word patriotism that is both laughable and regrettable. Take up several of the current magazines and turn the advertising pages.

Here's a special kind of heel which every man must wear if he is to attain the effieiency and energy demanded by his government in this hour of peril. A perfectly good heel, undoubtedly, but alas, not the only patriotic heel on the market.

Here's another appeal that begins: "The war makes it more important that ever that you should use"—a certain brand of hose supporter! On other pages in other magazines other brands are offered as absolutely essentian to patriotism.

Then again, "Patriotism demands that every citizen be in perfect health." Well and good. But in the advertisement quoted there's only one way to achieve this patriotic condition, and that is by spending your vacation in a certain spot on the Pacific Coast.

Tobacco, of course, in all forms and of every brand, has been advertised under an over-worked patriotic appeal from the start. Chewing gum hasn't been slow to follow suit. "Send 'him' a stick in every letter."

There's another dealing with war gardens. They must be a success to win the war, but they won't be unless you send 10 cents for this particular catalogue.

While thoughtful persons of influence urge men and women to wear out their old clothes before buying new, to save money for Liberty Bonds and Thrift Stamps, the department stores and tailoring establishments urge the same harrassed mortals to buy two suits now in order to be prepared for the worst which is yet to come—fearful prices and shortage of materials.

It's funny at first. But in time it gets on the reader's nerves to have everything from starched collars to tractors urged upon him with the same emphasis that sane folks are placing on Liberty Bonds. The sooner the advertisers realize that their misplaced fervor is annoying rather than stimulating, the sooner they'll return to the better practice of advertising their goods for the honest qualities they possess, as they did before the United States went to war.

DISLOYALTY IN PUBLIC SCHOOLS

The statement was made in Washington Wednesday by former United States Senator LaFayette Young of Iowa that more than a thousand schools of the middle west close their exercises each day with the singing of "Deutschland Uber Allies" and "Die Wacht am Rhine." Richard Metcalfe, former civil governor of the canal zone and one of the most prominent editors in Nebraska, said that up to twenty days ago American patriotic airs were not known to a large percentage of the children of that State, but that they were taught songs of Germany.

This sort of thing is intolerable, just as it is intolerable that German-language newspapers should be permitted to continue covertly to publish German propaganda. Mr. Metcalfe stated that one Nebraska editor, four months after this country entered the war, distributed souvenirs among its subscribers, having stamped on them pictures of the kaiser and von Hindenburg.

To entirely stamp out the German language in this country would be regrettable, but with a million times less excuse for it, Germany has absolutely prohibited the use of the English language in Germany. It cannot be spoken anywhere in public or over the telephone. Any teacher who would permit the singing of the Star Spangled Banner" in a German school would be shot as a traitor.

Let us have an end of this sort of thing, and at once. This is America.

"CARRY ON"

The fighting slogan in France, gathering inspiration and significance as the conflict grows more violent and more desperate, is "Carry On." On land, on sea, in the air, it rings sharp and clear.

Into the front line trenches comes the signal to charge. The Company Commander swings "Over the Top." At his heels, pushing and stumbling through the hell of "No Man's Land" come the boys. They gain a yard—five, ten—and the machine guns speak. The Commander falls, but over his shoulder, above the din of battle, he shouts: "Carry On, Lieutenant."

So on and on, till every officer falls, and the grizzled old Sergeant sets his teeth and takes what's left of them through to the goal.

"Carry On" must be our slogan here at home. We must CARRY-ON to the utmost limit—to the last dollar of our resources, till Victory is won. Let us stand shoulder to shoulder—BUY all the Liberty Bonds we can. Let us keep KEEP our bonds, and SAVE our Bonds, and BUY more bonds.

"Carry On!" Buy Liberty Bonds!

Only a bit o' celluloid—BUT

"Mrs. S. . . . . is a widow, her son now in France; lives in a small house on . . . street and, to help out, takes in sewing. Said she was glad she could pay for her Third Liberty Bond in installments—for, by watching the pennies, she could complete the payments quite handily."

THIS is only one of a hundred similar reports made by canvassers for Liberty Loan subscriptions. Think of the splendid loyalty of this courageous woman and compare it with your own. Is not her patriotism finer than your own. Is not her sense of honor and duty and fairness nobler than yours?

LIBERTY BONDS—

Are United States Government Bonds.

They bear interest at a rate higher than earned by any other class of Government bonds.

They are transferable and constitute an ideal security.

They are in denominations ranging upward from $50 to suit the convenience and the finances of every American who wants to help his country.

They do not represent a war gift or donation but the highest type of profit producing investment.

They are supported by every dollar of the enormous resources of the United States.

If you are willing to help your country any bank or trust-company will help you by accepting your order and arranging terms of payment without the imposition of any commission or charge for its services.

Any Bank Will Help You.

EVEN as it marks the man of patriotism and honor—just as surely is its absence the mark of indifference, selfishness, cowardice.

What's the meaning of your Liberty Bond Button compared with that of the old lady in this picture who—not content with giving her son—has given her all to the cause? What's the meaning of your button compared with that of the artisan, the clerk, the mechanic, the "carry-my-lunch-to-work" man you see on the street?

Americans all—are you doing as much as you should? Think of the terror that will reign in our land if we do not see this thing through with all our strength of heart and purse!

Perhaps you feel that *you* have done your full duty. You say that you bought *your* share of First and Second Liberty Loan Bonds. Fine! But remember—these two Liberty Loans have been exhausted. Uncle Sam needs money to "carry on"—to finish the job he's set out to do. And—he needs the money NOW!

The Third Liberty Loan is a summons to duty—a call for "silver minute men"—a cry for volunteer dollars—an appeal to the loyalty of America.

Someone has said that this war was a case of fight or four-flush. How do *you* stand? How about *your* Liberty Bond Button? Can you stand before your fellow-men and say: "I, too, am helping. I have not been chosen to rush up to the mouths of cannon, but I have come to the front with my money. I wore the first button and the second, and now I'm wearing the third—*and I'll back Uncle Sam to the limit!*"

Yes—it's only a bit o' celluloid—BUT WHAT DOES IT MEAN TO YOU?

WALL CITY HALL IS LIKELY TO PROVE AN EXPENSE TO RICHMOND

Some parties have been trying to get hold of the George S. Wall city hall out in the Harbor Center tract, the idea being to use it for a hospital. It is a large, substantially constructed building and before the vandals destroyed the windows and defaced the walls, it was a very beautiful and imposing edifice.

But Mr. Wall is working on the theory that he has the property rented to the city and that he has nothing to do with it, so far as renting to another party is concerned. He has sued the city for $2770, back rental at the rate of $180 per month and according to information received at this office, these suits are going on from year to year until Mr. Wall's lease contract with the city has expired, which will be in ten years from the time of first occupancy by the city.

Some of the prominent attorneys argue that Wall has the best kind of a case against the city and that he will recover from the municipality, not only the rental for the entire 10 years for his building, but for damage inflicted by the vandals by reason of the neglect of the tenant. It is argued that he has a hard and fast contract with the city council and that if their contracts are worth anything in any instance, the Wall lease will hold.

If the city is to be held liable for the damage done to the building by vandals by reason of its not being occupied and cared for in the usual manner in which buildings are cared for by tenants, this in addition to the money for rental at the rate of $180 per month, or $21,600 for ten years, with the Lord only knows how much accrued interest, will pretty nearly bankrupt the city. Anyhow, add to this sum the matter of court costs, attorney's fees, etc., the entire matter will run close to fifty thousand dollars.

CALIFORNIA IS SUFFERING A SHORTAGE IN FARM LABOR

That there will be a shortage of 12,000 men, a conservative estimate in farm work this coming summer and fall was the statement made by Professor Adams of the state university who conferred with the Exemption Board and the Council of Defense in Martinez, yesterday afternoon regarding the labor situation in Contra Costa. Professor Adams is making a survey of the conditions throughout the state working as assistant to Dean Hunt, who is the head of the work in the state.

To fill this great vacancy in the ranks of the farm laborers some means must be worked out, else there will be a very serious curtailment in the food supply this year, a loss of those things so vitally needed to maintain the fighting forces across the water. The figures on the labor shortage in Contra Costa are not available at this time but it will be considerable according to well advised farmers from all parts of the county.

PACIFIC COAST LAND SHOW TO TAKE PLACE IN OAKLAND

An invitation to participate in the Pacific Coast Land and Industrial Exposition, which will open September 9th at the Civic Auditorium, Oakland, and closes Oct. 6, has been met at this early date with twenty acceptances from the Counties of California, Washington and Oregon have also to the number of five districts, declared their intention of being part of the big show.

Among the representative exhibitors of the west, to pay their official call on the officers of the Exposition, were J. H. Thullen, of Merced and W. N. Harris of the states Exposition building at Los Angeles. Both men who have installed exhibits in most of the expositions in the country have recently been on a state tour, looking over the agricultural and horticultural prospects for the coming season.

"The Exposition at Oakland, will be great," declared Mr. Harris, "I had no idea of the beauty of the site of the forthcoming Exposition, until I had come on the grounds. The farmers every place are eager for a chance to come together on the matter of products, their market and their conservation. California is for the first time in its history, enjoying a market other than a western one. The fact has given the farmer reassurance and I feel certain that the country will make a great display."

DANGER IN DELAY!

Kidney Diseases Are Too Dangerous For Richmond People to Neglect.

The great danger of kidney troubles is that they so often get a firm hold before the sufferer recognizes them. Health will be gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, gravel and Bright's disease may follow as the kidneys get worse. Don't neglect your kidneys. Help the kidneys with Doan's Kidney Pills, which are so strongly recommended right here in Richmond.

Mrs. E. V. Wootten, 245 Fifteenth St., says: "My kidneys were disordered and there was a dull, heavy ache in my back and when I walked, every step seemed to jar my whole system. I was very nervous and the least thing upset me. My feet swelled so badly I couldn't put my shoes on and my kidneys didn't act right. Two boxes of Doan's Kidney Pills gave me relief, helping me in every way."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wootten had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.—Adv.

MANUFACTURERS OF SODA WATER NOW COMPLAIN OF SUGAR FAMINE

A big meeting of the soda water men of the state was held in San Francisco yesterday at the office of the Federal Food administrator to see if some agreement could not be reached by which the soda manufacturers could secure more sugar than the percentage allotted.

It was found that while there was plenty of sugar in Cuba, there was no bottoms in which to bring it to this country; that there was an abundance of sugar on this coast but there was a great scarcity in the middle central states, and it is the intention of the administrator to equalize the supply in this country.

The result is that the soda water men were reduced to eighty per cent of what they used last year.

In order to see that all manufacturers secure an equal division of the supply committees were appointed representing different divisions of the state, and to represent Contra Costa and Alameda counties. R. H. Curry of Richmond was appointed on the committee.

Another meeting will be held next Tuesday.

Stomach Trouble Cured

Oakland, Oct. 2, '17
My stomach was my master for many years. I am a clerk in the office of the lumber department of the S. P. Co., and after every meal I had an annoying, grating sensation, together with an empty feeling in my stomach. Through lack of nourishment my health was broken and I was in a hospital for several weeks. The doctors first cleaned me out with a stomach pump. Then they treated me for ulcers, and finally, as I did not improve, they observed my digestion through an X-ray. Concluding that they could do nothing for me they sent me home with the suggestion of an operation.
Then a fellow employee who had received a great benefit by drinking the FONG WAN CHINESE HERBS suggested that I try them. The first cup of tea brought me genuine relief, and after a few weeks I was entirely cured. I am back in the office and will be glad to give my personal testimony to any desiring it.

Twelve Months Carrier	4.80	Mail	4.00	5000 Votes
Five Years Carrier	24.00	Mail	20.00	50,000 Votes

OUR CANDIDATES.

Leading our list of candidates is Mrs. F. Hafner—an untiring and ambitious worker who has met with considerable success in her campaign for subscriptions. Mrs. Hafner has her eye on the Dodge Touring Car.

Miss Gladys Champion, who leads her district, is attending school in Oakland and does not have much time to give in gathering votes. She has someone, however, who is supporting her for a Record-Herald prize.

Miss Lillian Carlson is a popular young business woman of Stege, who also has many friends in Richmond where she is well acquainted. Miss Carlson did not get an early start in the contest, but since taking an interest has made remarkable progress. We can guess which prize Miss Carlson would like to have.

Miss Hallie Traub is next in standing. Hallie is going to school and does not have as much time to give to the work as some others have. However, she has done creditible work with the able assistance of her mother, Mrs. O'Brien. Hallie would like one of the top prizes.

Miss Lola Bernardi is a popular young lady in Point Richmond who has a host of friends that want to see her win the topmost prize. She is progressing nicely and will give a good account of herself Saturday night.

Next in order is Miss Florence Moltoza, a San Pablo girl, whose friends are legion and who are ably supporting this popular young lady. Miss Florence is also flirting with the Dodge car and would like to lay claim to this prize Saturday night.

Mrs. Clara Peake has met with varied success but as her time is well taken up with other duties she does not look for the big prize. She will do her best to win a district prize.

Miss Eleanor Ensign is an enthusiastic and ambitious young lady and is trying for the best prize she can get. Miss Eleanor was late in starting but has been very successful wherever she has been in subscription getting. With a little more experience in the work Miss Eleanor would make a candidate very hard to beat for any prize.

Miss Eleanor Browning, Mrs. Gardella, Miss Mary Davidson, Miss Helen Forbes or Miss Lucille Kister can get within the prize list with a little exertion between now and Saturday night. It is for them to decide.

STRAIGHT TALK.

These prizes are not won. There is not a candidate in this contest whose present standing would win the $1005 Dodge Touring car against an active live competitor who would make these last three days hum with subscription getting.

Muster the support of your friends who want to see you a winner, and impress it upon them the great importance that action and not talk is what is needed right now.

Let worthless and idiotic rumors pas unheeded, for you are wasting valuable time listening to such stuff. You will hear most anything—some from Mr. Chronic Knocker; some from Mr. and Mrs. Tightwad who borrow their neighbor's paper to save a dollar and some from people who do not want to see you win, while some reports might be started from some of your competitor's camps for the purpose of bluffing you out at a critical time. It shows that someone is afraid of you.

Remember what we tell you, first, last and all the time—that the First Grand Prize will be awarded to the candidate having the largest number of votes to her credit at the close, and the Building Lot to the next highest, and so on, and that every vote ballot issued in this office represents a paid subscription to the Record-Herald. Votes are not issued in any other manner than on paid subscriptions. Subscriptions will win all prizes. Turn in the subscriptions and be among the winners.

There is some considerable credit and honor to win in a contest of this character, where effort in getting subscriptions and generalship in piloting one's own campaign through to success has been mastered.

Talk subscriptions — think subscriptions — write subscriptions from now to the close.

Your prize depends upon your conduct now.

Your real friends will help you without being asked. Others will not.

NEW FILM ATTRACTING CROWDS

A complete departure from her usual style of photoplay will be found in Pauline Frederick's newest Paramount picture, "Madame Jealousy" in which she is appearing at the Richmond Theatre. "Madame Jealousy," by George V. Hobart, is extremely picturesque allegorical photoplay which affords the actors chances for unusual dramatic acting and which has given the director, Robert Vignola, occasion to display his remarkable artistic ability. For instance in "The House of the Heavy Hours" there are scenes of the wierdest, most bizarre beauty where almost Oriental luxury predominates. Again, in "The Garden of Delight," a wholesome natural beauty of the outdoors appears. Throughout the whole the photoplay is excellent.

STAGS' SERVICE FLAG NOW HAS FOUR STARS

Four stars grace the service flag of the Stags in their lodge room. Last night an extremely interesting meeting of the lodge was held and the members decided to buy a fifty-dollar Liberty Bond in the name of the lodge.

Those representing the stars on the new service flag of the lodge are J. V. Lamore, W. M. Holland, F. McBride and S. Moran.

Preparations for the hard times social will soon be completed, for the members are going right ahead with the work. It will be a Red Cross benefit and every effort will be made to have the affair a great success. The social will be given in W. O. W. Hall on the evening of the 8th of May and the public is cordially invited.

IS GRATEFUL FOR HELP GIVEN DURING SICKNESS

Mrs. M. O. Caetano is extremely grateful to the ladies of this city who assisted her during the sickness and death of her daughter and husband, who is sick in the hospital at Martinez. The members of the Social Service bureau took them in hand and did everything possible for the welfare of the family.

Typhoid fever attacked the family at their home in the Bay View section and wrought sorry havoc before it could be stopped by the physicians.

BIRTHDAY LUNCHEON FOR MRS. W. A. TENNY

Members of the 1918 club tendered a birthday luncheon in honor of Mrs. W. A. Tenny at the family home in this city on Solto avenue yesterday afternoon. Pink was the color scheme of the home decoration and the following were present on the joyful occasion: Mrs. J. Jardine, Mrs. M. A. Stark, Mrs. J. C. Asher, Mrs. M. A. Thiel, Mrs. J. O. Weston, Mrs. J. P. Smith and Mrs. Teuney.

Mrs. Tenny was made the recipient of a beautiful silver pie knife by the guests of the party.

MIRAMAR CHAPTER TO PLAY FOR THE RED CROSS

Miramar Chapter of the Eastern Star will play whist on the evening of May 3rd in their lodge rooms in Fraternal Hall. Preparations are under way for a big time and they are expecting a large crowd present for the event.

PREDOMINATING SPECIFIC INSTANCE

There are many reasons why certain business men succeed, and these are known as "general" instances; but there is something of vastly more importance, the "specific" instance. The successful business man you will find will attribute his success to these "specific" instances, among which you will find the predominating factor of systematic advertising. Are YOU doing anything "specific" Mr. Business Man? NOW is an opportune time to formulate, and to put in action that contemplated campaign of advertising that you have so long neglected, to your detriment.

Phone Richmond 70, and ask for Advertising Manager, and he will call and give you the minute details on systematic advertising.

Try a Record-Herald Class Ad, they "shoot straight."

JOHNSTON SAYS HE WILL HELP CLEAN UP THE COUNTY FROM ALLEGED VICE CONDITIONS

(Cotinued from page One)

before they were mailed to me, the occupants at 119 Contra Costa street in the City of Richmond had vacated before we could secure service. Hence, we have not yet been able to serve them.

"The Grand Central Roadhouse in the Town of El Cerrito, in so far as being a house of prostitution, will absolutely be closed under the Abatement Proceedings, and the place in Richmond also. Of course the Grand Central Roadhouse holds its liquor license under the town government of El Cerrito, and the county authorities have no jurisdiction. With reference to other places mentioned in Senator Grant's affidavits, the evidence thus far submitted to me is not sufficient upon which to proceed. The Federal Statute would cover both the other places, and the taxi drivers, we have no jurisdiction in violation of federal statutes. But so far as I can understand, there is no state law covering these matters.

"Since I have been District Attorney, I have not refused at any time to proceed against places of this character, and have sent several inhabitants of these places to jail for criminal contempt, for violating the Court orders in that regard, as records of the county will show. I am willing to cooperate with Senator Grant, or any other person in closing up houses of that character. Of course, it must be apparent to any person that the District Attorney is not a policeman, neither have I the officers available for that purpose in my office, and must depend upon peace officers, or private citizens for the evidence, and the moment the evidence is furnished me of any infraction of the law, I am willing to proceed against them."

HASEY TO ENTER SERVICE AT McDOWELL

According to the United States District Attorney's office in San Francisco, Edward M. Hasey has not been absolved by the government of the charges of sedition and perjury which were filed against him, but he is only released with the understanding that he is to answer the draft summons.

Instead of being sent to Camp Lewis, however, Hasey is to be inducted into the service at Fort McDowell, Angel Island. He will not have so far to travel and there will not be so much time taken up by training before getting into active service. He will probably be included among those who will be inducted into the service about the first of May.

GERMAN TO BE TABOO WITH THE MAENNORCHORS

The members of the Maennerchor singing society are not going to sing or talk in the German language in the future.
